Neurology Board Review: An Illustrated Study Guide

Preparing readers for the written portion of the Neurology Board examination and the Residency In-Service Training Examination (RITE) of the American Academy of Neurology, **Neurology Board Review: An Illustrated Study Guide** provides a comprehensive review of the most critical topics in neurology. With the abundance of neuropathology and neuroimaging figures and neuroanatomy and neurophysiology illustrations, readers will not need to refer to multiple sources to prepare for these exams.

The book is designed to help readers identify and diagnose multiple disorders covered in the exam or reviewed in residency. Numerous tables and highlighted boxes facilitate the comprehension of difficult but critical information. More than 250 neuroradiology figures, including MRI, CT, and functional images help readers advance their diagnostic skills. The book also contains a comprehensive review of basic principles of psychiatric disease and related pharmacology as well as a discussion of neuroanatomy, the basics of neuroscience, and neuroanatomic pathways.
