Discover the Secret Signs *Quality* Men Look For Before Pursuing a Woman

Different women will do very different things when interested in a guy. An introverted woman may become even shyer and closed up around a guy she's attracted to while a more extroverted woman may become overly catty and mean-natured with her teasing towards the man she's smitten with.

Sadly, most guys have no idea that an interested woman may act this way unless they've had considerable experience with the opposite sex. So although different women act very differently when they're interested in a man, in general, men tend to read signs of romantic interest in a very uniform way.

Because of this, a woman can place the odds of meeting Mr. Right more in her favor by adopting a seduction strategy that speaks directly to the masculine subconscious.

How to Meet Men By Being Hard-to-Get But *Easy* to Approach

If men seldom approach you or good guys rarely ever show an interest in you, you may have a difficult time filtering out the players and time-wasters from the guys who want a relationship. You may even find it difficult for you to say "NO" to the players and time-wasters simply because you won't have that inner confidence that says, "*Hey, pass on this guy, he's not worth it. You know you can do better than this loser.*"

Women with options don't have to settle or act needy and desperate with men. Because they know how to be attractive to men, they trust that if they're not being treated with love and respect they can easily meet another guy. If you don't know how to be attractive to men or feel unconfident about when the next guy is going to show up, you may find yourself in desperate situations with men that you know aren't right for you.

So aside from making it even just a bit easier to attract a good man into your life, becoming more approachable to men will help you to avoid dismal dating experiences where most, if not all of your relationship decisions are made purely out of scarcity and desperation.

How to Attract a Man By Sending Him the *Right* Signals

In a landscape where the number of single women far outnumbers single men, men, unfortunately for

women, have a ton of options in how they can approach the dating process. Learning how to send out the right kinds of signals to the right kinds of guys will help you to place the odds more in your favor.

The dating rules for women presented in this short book is designed specifically for single women who want to meet more quality guys in social environments, indicate their interest in a ladylike way, and entice their handsome observers to pursue them.

Here's what you're going to learn inside:

- How to meet men in competitive social environments by becoming “low-risk-high-reward” to quality guys.
- **How to increase your chances of encountering interested men by removing two of the BIGGEST anti-man barriers that most women carry around with them.**
- How to get guys to take special notice of you without looking desperate or needy.

- **How to use unapologetically feminine body language to coax a handsome observer into approaching you.**
- How to attract a good man by displaying a RARE feminine quality that most modern women consider too “old school.”
