Hajo Duřchting

Wassily Kandinsky, 1866-1944: A revolution in painting Hajo Duřchting

One of the first and most famous abstract painters, Wassily Kandinsky created a form in which color and shape have a life of their own. Find out how this complex Russian artist established a truly abstract art. The DK ArtBook series presents both the life and works of each artist within the cultural, social, and political context of their time. To make the books easy to consult, they are divided into three areas -- the life and works of the artist, historical and cultural background, and analysis of major works -- which are identifiable by side bands. Each spread focuses on a specific theme, with an introductory text and several annotated illustrations. Few art history texts contain such abundance of full-color illustrations. The index section is also illustrated and gives background information on key figures and the location of the artist's works.
