The importance of our bodies cannot be overstated – this goes for all walks of life, whether it's a simple commute to work, or a tense interview situation: every movement that you make says ten things about you. This is partly what makes romantic situations so difficult for many people. Body language can be a very subconscious, hidden affair – meaning that we can't openly identify why an interaction isn't going well, or why one is. Every second, of every day, you are screaming messages to the world – even when your mouth is tightly shut. Your body is constantly having conversations with the other bodies around it, often without your recognition – in this short book, Stefan Cain tackles the difficulties of flirting, relationships and social interaction, by looking at the body language of men and women. Within these pages, you will learn: • How body language works and where it came from • How to attract men with powerful body language • How to attract women with powerful body language • How to react and understand the body language of others • How to increase your confidence and natural charisma Stefan Cain takes you through the ups and downs of romantic body language – the language of love – in an easy to understand, engaging and frank manner, better equipping you for a more successful love life, and a better social standing.
