## **Los Mensajes Ocultos del Agua / The Water's Hidden Messages Masaru Emoto**

Renowned scientist Masaru Emoto introduces this revolutionary work as he discovers that molecules of water are affected by our words, thoughts, and feelings. When water is exposed to words such as “love”, “gratitude” or “wisdom,” the crystals that are formed when frozen are clear and beautiful. When exposed to expressions such as “stupid” or “I’ll kill you” crystals amorphous, incomplete, or may not even form. Since humans and the earth are composed mostly of water, his message is one of personal health and a practical plan for peace. \*As seen on the documentary WHAT THE BLEEP DO WE KNOW?
