**\*\*\* And Special "Thank You" Bonus Story \*\*\***

James Findlay was a rebel—an activist for climate realism. Besides being his country's sole delegate to the Paris climate conference, he felt he had a far greater responsibility to tell the truth about the world's climate—a truth that the power brokers behind the conference did not want told. After multiple threats and two murders, James makes it his last mission in life to tell the world of the reality of the current Ice Age and the overdue end to the Holocene warm period.
