**Salvage Marines (Necrospace Book 1)** Sean-Michael Argo

It is the Age of The Corporation.

The common man toils under the watchful eye of the elite and their enforcers. The rules of law have long been replaced by the politics of profit. The dark ages of feudalism have returned with capitalistic ferocity. There is no peace among the stars of mapped space and business is booming.

Samuel Hyst is an indentured worker who seeks to better his fortunes by joining the ranks of a militarized deep space salvage operation as a hired soldier. The young man's hope is to earn enough hazard wages to pay off his debts and expatriate his growing family away from the totalitarian industrial society ruled by Grotto Corporation. To reach his goals he must survive a grueling tour of duty in Necrospace, a name given to the abandoned scrapyards of a war-torn universe.
