Seventeen-year-old elf Avenall lives a solitary life as a Dragon Tender. His influential father is ashamed of him because his magic developed in a way that marked him as a servant. His mother disappeared shortly after his magic bloomed. Now, he has no family left but the dragons. When he learns the elves have plans to use them as weapons against the humans, he steals them in a bold plan to cross the ocean to warn the Queen of the Fae.

Queen Lizbet welcomes him warmly when he arrives because he has a face she recognizes from long ago. But will his help be enough to prevent an elvin war?
