Nursing Theory: Utilization & Application, 5th Edition covers the development of nursing theory; the application of different nursing theories, models and philosophies; and the expansion of these practices with a look toward the future. This text provides the opportunity for students who have learned the background of nursing theory using the companion title, *Nursing Theorists and Their Work*, to apply what they have learned to actual nursing practice through various patient scenarios.

- Real-life case history examples included in application chapters promotes evidence-based practice and further demonstrates how a theory is used in practical situations.
- **Consistent case history** featuring the patient Debbie in every chapter and the nursing plan that follows help you apply philosophies, theories and models presented in the text.
- **Critical thinking exercises** provide a more application-based approach rather than just contemplation of theories presented.
- **Chapters written by contributors who utilize the work** offer a unique approach to using theory in practice.
- **Nursing metaparadigm discussion** illustrates the four center concepts with which the discipline is concerned to help you see the scope of concern for the profession.
- **Logical organization** presents content in three distinct parts.
- **Glossary** offers quick access to key terms throughout the text.
- **NEW!** Nursing Care sections demonstrate how theories apply to certain situations and particular types of nurses.
- **NEW! QSEN competencies throughout the book** relate nursing theories to today's important focus on patient safety and quality improvement.
- **NEW!** Nursing theory timeline helps you place different nursing theories and theorists in history, illustrating the progression of the content.
- **NEW! Fresh design** helps you visually identify the text's relationship with its *Nursing Theorists* companion.
