Living Singlish: Your Life, Your Way VMD MBA, Marne Platt

When you open the mailbox to find the fifth wedding invitation of the season, you might be tempted to believe that absolutely *everyone* you know is rapturously partnered and well on the way to living happily every after.

But US Census data paints a different story, indicating that nearly half of American women remain single.

Marne Platt, VMD, MBA, knows that there's a difference between being single and living Singlish. Being single means that you don't have a boyfriend. Living Singlish means that you know who you are, what you want, and how to accomplish your goals—whether you have a partner or not.

In this fantastic guide to cultivating the habits and mindsets that lead to living a fabulous Singlish life, Platt walks young women, whether single by chance or by choice, through the process of self-discovery and empowerment she went through on her own journey.

Drawing from her own experiences, as well as from the lives of other wonderful and wildly successful women without partners, Platt creates a book so brimming with knowing advice and meaningful encouragement that you'll feel like you have a life coach at your fingertips.
