Inked

Carey Hart, Bill Thomas

Inked Carey Hart, Bill Thomas

A dynamic and revelatory collection from the legendary extreme sports star and tattoo aficionado Carey Hart.

Freestyle motocross champ Carey Hart is a heavily tattooed celebrity, whose studio, Hart & Huntington Tattoo in Las Vegas, was featured on A&E's hit reality series *Inked*. The shop caters to rock stars, celebrity VIPs, locals, and tourists, who all clamor for Hart & Huntington's original and irreverent tattoos. Carey now brings this unique mix of attitude and beauty to *Inked*, which features 75 evocative portraits that confound and surprise. There are photos of seemingly ordinary people—businessmen, schoolteachers, and mothers—in their everyday dress juxtaposed with images that unveil their elaborate tattoos. There are also hip and sultry photos of tattooed Las Vegas starlets and rockers, plus enthusiasts of all shapes and ages. Personal stories of first tattoos, design inspirations, the process, and the joys and regrets that accompany skin art, as well as an introduction and history of the tattoo by Carey, combine to form an exciting tapestry of what tattoos mean today. Packed from head to toe with Las Vegas glamor and edge, *Inked* is illuminating and provocative, with more substance and style than anything else in the category.

From reader reviews:

Patti Metivier:

The book Inked can give more knowledge and information about everything you want. Why then must we leave the best thing like a book Inked? Wide variety you have a different opinion about publication. But one aim which book can give many information for us. It is absolutely proper. Right now, try to closer using your book. Knowledge or data that you take for that, it is possible to give for each other; you could share all of these. Book Inked has simple shape however you know: it has great and large function for you. You can appearance the enormous world by available and read a reserve. So it is very wonderful.

Tammy Ely:

Reading a book can be one of a lot of exercise that everyone in the world loves. Do you like reading book and so. There are a lot of reasons why people fantastic. First reading a guide will give you a lot of new information. When you read a e-book you will get new information because book is one of various ways to share the information as well as their idea. Second, reading a book will make you more imaginative. When you looking at a book especially fictional works book the author will bring you to imagine the story how the people do it anything. Third, you are able to share your knowledge to other folks. When you read this Inked, you are able to tells your family, friends along with soon about yours guide. Your knowledge can inspire the others, make them reading a publication.

Susan Ross:

Don't be worry if you are afraid that this book will certainly filled the space in your house, you could have it in e-book method, more simple and reachable. This particular Inked can give you a lot of good friends because by you taking a look at this one book you have issue that they don't and make you actually more like an interesting person. This specific book can be one of a step for you to get success. This publication offer you information that probably your friend doesn't recognize, by knowing more than other make you to be great people. So , why hesitate? Let me have Inked.

Naomi Dillon:

Do you like reading a guide? Confuse to looking for your selected book? Or your book was rare? Why so many issue for the book? But virtually any people feel that they enjoy with regard to reading. Some people likes examining, not only science book and also novel and Inked or perhaps others sources were given information for you. After you know how the truly amazing a book, you feel wish to read more and more. Science e-book was created for teacher as well as students especially. Those textbooks are helping them to put their knowledge. In some other case, beside science guide, any other book likes Inked to make your spare time a lot more colorful. Many types of book like here.
