**Montesquieu's Science of Politics: Essays on The Spirit of Laws** David W. Carrithers, Michael A. Mosher, Paul A. Rahe

Montesquieu's *The Spirit of Laws* is one of a handful of classic works of political philosophy deserving a fresh reading every generation. The product of immense erudition, Montesquieu's treatise has captured since its first printing (1748) the imagination of an impressive array of intellectuals including Rousseau, Voltaire, Beccaria, Madison, Hamilton, Jefferson, Herder, Sieyès, Condorcet, Robespierre, Bentham, Burke, Constant, Hegel, Tocqueville, Emile Durkheim, Raymond Aron, and Hannah Arendt.

In what constitutes the only English-language collection of essays ever dedicated to the analysis of Montesquieu's contributions to political science, the contributors review some of the most vexing controversies that have arisen in the interpretation of Montesquieu's thought. By paying careful attention to the historical, political, and philosophical contexts of Montesquieu's ideas, the contributors provide fresh readings of *The Spirit of Laws*, clarify the goals and ambitions of its author, and point out the pertinence of his thinking to the problems of our world today.
