Patient-Centered Medicine, Third Edition: Transforming the Clinical Method (Patient-Centered Care Series.) Moira Stewart, Judith Belle Brown, Wayne Weston, Ian R. McWhinney, Carol L. McWilliam, Thomas Freeman

This long awaited Third Edition fully illuminates the patient-centered model of medicine, continuing to provide the foundation for the Patient-Centered Care series. It redefines the principles underpinning the patient-centered method using four major components - clarifying its evolution and consequent development - to bring the reader fully up-to-date. By examining and evaluating both qualitative and quantitative research, including reviews and recent studies, the book offers an invaluable compendium of relevant education literature and methods. Illustrating patient-centered concepts through case studies, Patient-Centered Medicine provides clear, inspirational messages about the instrumental role of patient-centered clinical care for both students and clinicians in all health care environments.
