The Golden State

Andrew Rolle, John S. Gaines

The Golden State Andrew Rolle, John S. Gaines

Thirty-five years after its initial publication, *The Golden State* remains a balanced, multicultural, and interpretative history, the ideal text for students of California history at the high school and community college level.

With due attention to the many peoples who make California the most ethnically diverse state in the nation as well as the daunting environmental realities that challenge the resolve of all who call the Golden State home, the informative and enjoyable narrative features expanded coverage of such topics as women, water issues, ethnic relations, crime, sports, culture, and politics in the twentieth century.

A crucial feature of this affordable, beautifully illustrated, and durable hardcover volume remains a chapter on state, county, and city government, detailing the responsibilities of state officers and the organization of the state legislature and court system. The elements of direct democracy—referendum, recall, and initiative—and the legislative process also are explained in direct yet lively fashion.
