Unmentionables: A Brief History of Underwear Elaine Benson, John Esten

In ancient Greece, women strapped lengths of cloth across their breasts and then covered them with tunics. These bosom protectors were the antecedents of the brassiere, which didn't come along until the 20th century. With the use of fine art, photography, film stills, cartoons, and ads, Unmentionables describes the social history of a subject that holds a powerful fascination for us all. 120 full color and b&w illustrations.
