## el amor en la sociedad del riesgo (Spanish Edition) Jesús Gómez

Estamos ante un estudio científico sobre el amor que analiza con detenimiento el tipo de personas que atraen a las y los adolescentes y por qué. A lo largo del texto descubrimos, junto a las principales teorías sociales sobre el amor y las relaciones afectivo-sexuales, las voces de jóvenes que hablan desde su anonimato como nunca lo harían delante de sus familiares o profesorado. Esta reflexión pretende dar respuesta a la influencia de la atracción en sus vidas, ilusiones, alegrías, disgustos, decepciones e incluso en los maltratos, violencia y enfermedades que padecen. Familiares y profesorado conocemos su rendimiento escolar a través de las notas, y sus aficiones a través de las actividades que hacen o los deportes que practican, pero desconocemos cada día más los procesos que les inculcan el deseo por un tipo de personas y no por otras. Cómo conseguir que no les atraigan precisamente quienes maltratan, humillan y desprecian? Todo un mundo desconocido se nos muestra intensamente vivido por las y los jóvenes, y constituye una de las principales y más desconocidas claves de sus vidas. El debate recoge la manera de concebir el amor: por un lado, se analizan las consecuencias de concebirlo como instinto, química? o rayo que cae de improviso y de la misma forma se va, y por el otro, las consecuencias de hacerlo como un sentimiento y deseo entre personas que van a vivir un momento o toda una vida de felicidad compartida.
