A Capitalism for the People: Recapturing the Lost Genius of American Prosperity Luigi Zingales

When the Italian-born economist Luigi Zingales came to the United States in the 1980s, he embraced the American Dream: the belief that what brings you success is hard work, not luck or who you know. But the economic events of the past decade have put American capitalism in crisis. Now, living in America's heartland, Zingales warns in *A Capitalism for the People* that the U.S. economy risks deteriorating into a pro-business rather than pro-market system run by corrupt politicians. Presenting a real-world blueprint to restore true competition to our economic system, Zingales gives hope that the U.S. can rebound to greatness.
